Delhi, India

SUMMARY

Detail-oriented Computer Science student with hands-on experience in frontend development, AI integration, and structured data workflows. Proficient in English (written and verbal), with a strong foundation in logical thinking, web technologies, and modern tooling. Eager to contribute to LLM training pipelines through accurate data annotation, evaluation, and feedback — bringing both technical awareness of AI systems and meticulous attention to quality.

EDUCATION

Meerut Institute of Technology

Bachelor of Technology in Computer Science Engineering

Meerut, India

Sept 2023 – May 2027

- Relevant Coursework: Data Structures, Algorithms, Web Development, Database Management, OOP
- Current SGPA: 7.8

St. Columbus School

Senior Secondary Education — CBSE

Delhi, India

2021 – 2023

- Grade: 9.4/10 (Secondary) — 7.8/10 (Senior Secondary) — Strong foundation in Mathematics & CS

EXPERIENCE

Frontend Developer Intern

Qualithar Consultancy (OPC) Pvt. Ltd.

July 2025

Noida, Uttar Pradesh

- Developed and maintained qtconsultancy.in, delivering production-ready frontend solutions
- Collaborated with the development team on UI/UX design and implementation
- Applied structured workflows for code review, documentation, and quality assurance
- Received official NOC and full permission to showcase work in professional portfolio

Frontend Developer

QT Consultants Limited

Sept 2024 – Nov 2024

Remote

- Developed responsive web interfaces using React, HTML5, and CSS3
- Implemented user personas and conducted user research to enhance application usability
- Collaborated with cross-functional teams ensuring code quality and adherence to web standards

Web Development Virtual Intern

Future Skills Prime (NASSCOM) — 6-Week Program

July 2024 – Aug 2024

Remote

- Completed intensive 6-week full-stack web development program; built and deployed Zeost web app
- Followed industry-standard development practices: Git/GitHub, CI/CD, Netlify deployment
- Demonstrated ability to work independently, meet deadlines, and follow structured workflows

Android Developer Virtual Intern

EduSkills & Google for Developers

Jan 2025 – Mar 2025

Remote

- Completed 10-week intensive Android Developer training under Skill India & Google for Developers
- Developed Android applications following modern best practices and structured learning guidelines

Frontend Developer

Hackspire 2024 — Hackathon

2024

Delhi, India

- Built responsive web applications under tight time constraints with high attention to detail
- Improved user engagement by 40% through CSS3 animations and interactive JavaScript UI

PROJECTS

Campus Code | *HTML5, CSS3, JavaScript, Node.js, Express.js, EJS, SQLite, PostgreSQL*

- Campus-focused web platform with role-based dashboards, responsive UI, forum features, and scalable full-stack architecture

Zeost | *React, Framer Motion, Netlify*

- Modern landing page prototype with smooth animations and responsive layout; built during NASSCOM internship following professional CI/CD deployment workflows

Yum Maker | *HTML5, CSS3, Netlify*

- Recipe generator web app with clean UI/UX; achieved 95+ Google PageSpeed score through performance optimization techniques

Velliton HR | *HTML5, CSS3, Netlify*

- HR management platform streamlining recruitment, payroll, and compliance with a clean, process-driven interface

TECHNICAL SKILLS

Languages: JavaScript, Python, HTML5, CSS3, C, Java

Frontend: React.js, Flutter, Framer Motion, Responsive Web Design, CSS Animations, jQuery

Tools & Platforms: Git, GitHub, Netlify, Vercel, Figma, Adobe XD, Chrome DevTools

Core Competencies: UI/UX Design, RESTful APIs, Web Performance Optimization, Agile Development, Version Control, CI/CD Deployment, Cross-browser Testing, Mobile-First Design

AI/ML Awareness: OpenAI API integration, LLM concepts, prompt evaluation, AI-powered app development

CERTIFICATIONS & ACHIEVEMENTS

- **Web Development Training** — IBM (July 2025)
- **Next Gen Employability Program** — FullStack Web Development with AI Tools
- **Python Zero to Hero** — GUVI (Oct 2024)
- **Cybersecurity Essentials** — Cisco Networking Academy (Aug 2023)
- **Android Developer Virtual Internship** — Google for Developers (Jan–Mar 2025)
- **PBEL Virtual Internship Certificate** — Future Skills Prime (NASSCOM), 6-week program
- **MongoDB Certifications** — Credly Verified (Aug 2023)

RELEVANT SKILLS FOR DATA ANNOTATION & LLM TRAINING

- **English Proficiency:** Excellent written and reading communication; ability to evaluate nuanced text quality
- **Attention to Detail:** Demonstrated through 95+ PageSpeed scores, code reviews, and production deployments
- **Independent Work:** Multiple remote internships and freelance projects completed with minimal supervision
- **AI Familiarity:** Hands-on experience integrating OpenAI APIs; understanding of LLM inputs and outputs
- **Structured Thinking:** Background in algorithms, data structures, and logic-driven problem solving
- **Stable Remote Setup:** Reliable internet, comfortable with async/remote collaboration tools
